**Financial Assistance Request for
Manure Management Plan
or Agricultural Erosion & Sediment Control Plan**

The Conservation District will reimburse you for 75% of the cost to have a plan writer (from the attached list) complete a Manure Management Plan or an Agricultural Erosion & Sediment Control Plan (Ag E&S) for you. The maximum amount you can receive for each plan is \$250. (This funding assistance is based on availability of funds for the current fiscal year).

You must complete this request, and submit the invoice to our office for reimbursement. Our staff will review the plan to determine if it includes all of the required elements.
